Bute Primary School Captains for 2018

Congratulations to our School Captains for 2018; Dayna and Della. All applicants presented strong arguments about why they would make excellent School Captains and representatives of the Bute School Community. The School Captain panel consisting of School Principal – Richard Hall, School Representative – Meredith Daniel and Community Member and Former Teacher – Margaret Hancock found the process of selecting 2 school captains very difficult as all applicants presented strong cases. After some in-depth discussions, a consensus and final decision was reached. I feel confident that these students will fulfil the expectations of these roles and provide leadership throughout the school.

GRIP Leadership Conference

On Friday, 16th of March the Upper Primary class attended the GRIP Leadership Conference in Adelaide. Throughout this highly practical and interactive conference, students completed a range of tasks which explored components of leadership and how leaders can make positive changes within their schools. Some of the key messages strongly resonated with our students and it was apparent that they left the conference feeling empowered to make a difference back at our school. I would like to share some of these messages;

"Leadership is an action, not a position."

"Lead like a strawberry not like a watermelon."

Watermelon leader – How they appear on the outside is different to who they are on the inside.

Strawberry leader – How they appear on the outside is the same as who they are on the inside.

"Leaders are transformers through their attitudes, words, actions and care."

A big thank you to Michelle Trengove, Jon Sharp and Alan Derosi for transporting students to the conference and for supporting students with their leadership aspirations.

Parent / Teacher Interviews

Parent / teacher interviews will occur on Monday and Tuesday of Week 9. I strongly encourage all parents to attend if possible. Interviews provide an excellent opportunity to discuss the work that has been taking place in the classroom, clarify expectations and to help build effective partnerships between home and school to support the development of students. Earlier in the week a letter was distributed with instructions regarding booking a time for an interview. If you missed this information, please make contact with the school to determine if a suitable time is still available.

Students need to read 12 books to in order receive their award. Eight of the books need to be from the list available on the website. All library books on the list are marked with a PRC sticker. The other four are the students choice.

Records are kept at school. If your child completes a book please get them to take it to their teacher to add to their record. The Challenge finishes on the 7th September, 2018.

On the 19th of March Dayna, Della and Imogen went to Kadina to participate in the lightning carnival for SAPSASA netball. We played five games of netball against other school teams. The schools we played against were: St Mary Mackillop, Kadina Memorial Div 2, Wallaroo Mines, Wallaroo Primary and Kadina Memorial Div 3. Bute and some Kadina girls joined together to make a full team and we won our division (Div 2). In most games we were in front by quite a lot. Our colours were red and white. We had two twelve minute quarters. We got to choose the positions we played. Imogen played C, GA, GS, GD and WA. Dayna played WA, C and WD. Della played GS and GK. We had a very strong team and we won every game. We enjoyed playing as a team and we got along well. A big thanks to Karen Green for umpiring all of our games and Kathy Krieg for coaching and supporting us through all the games we played it greatly appreciated.

What's been happening!

In English this term we have focused on narrative texts. Every morning we read a book together and then we talk about what structure and features the book has to try and figure out if what we read was a narrative. All of the kids are getting really good at recognising that a narrative is structured with a beginning, middle, and end. They are also getting really clever at using the language in the text to figure out which point of view the narrative is being told from. We have been talking lots about some of the features of narrative texts. For example, a beginning will usually describe the Who (characters), What (plot), When, Where (setting), Why, and How. Everyone has written and began publishing their own narrative texts with these features and structures in mind. They are all sounding very interesting! Keep an eye out on Class Dojo for your child's narrative.

BUTE PRIMARY SCHOOL

PARENTING RESILIENT KIDS

We are inviting parents and their primary-school aged children to take part in a new online parenting program designed to provide parents with strategies to parent with confidence and stay connected with their pre-teen child.

WHAT IS THE RESEARCH ABOUT?

You are invited to participate in research being conducted by Monash University, led by Dr Marie Yap. The research aims to evaluate whether our new online parenting program can help empower parents and in turn build their child's resilience.

WHAT IS INVOLVED?

You will be randomly allocated to one of two groups, to receive either:

1) An individually-tailored, interactive online parenting program that will give you practical strategies you can use to parent your child more confidently;

   OR

2) An information package of 8 weekly factsheets about child development and well-being.

- We will give you a 5-minute call once a week until you have completed your allocated program.
- We will ask both you and your child (if they agree to take part) to complete some online surveys at the beginning, and after 3 and 12 months.

In total, participation in this research will take a few hours of yours and your child's time over 12 months. To say thank you, you will be reimbursed with e-gift vouchers.

All components of the online program can be done using a computer, tablet, or smartphone.

WHO CAN PARTICIPATE?

Parents or guardians of a child aged 8-11 who live in Australia, are fluent in English and have internet access.

HOW DO I FIND OUT MORE?

To find out more, or to register to participate, please go to **www.parentingresilientkids.com**

For further details, please contact the researchers at **med-resilientkids@monash.edu** or on **(03) 9905 1232**.
